Worked on the CIC Conference Organizing Committee. Results: Great Conference in Boston, learned a lot great courses, great presenters.

South Cavalcade: Attended a very volatile meeting, we were forced to attend, responded with a meeting of our own, presented the facts, controlled the meeting, answered lots of questions. The real issue here is the law suit, that we aren't a part of, that has the neighborhood believing they are getting some sort of pay-out. We are following up with an open house poster session the end of February.

Wilcox Oil added the NPL

Star Lake has a proposed plan. We had a very productive meeting and feel we are well on our way, with a workable solution for this site.

Central Wood and Madisonville Creosote, both finished Five Year Reviews. No new issues with either Site.

Subject: Need accomplishment

Hello everyone,
I need your accomplishments for last year, any milestones that may have happen, and any plans for the future. If I could get them as soon as possible I would appreciate it.
Remember I need this and your travel projections.

Thanks
